

SRISTI PAUL

DATA ANALYST | SQL | PYTHON | EXCEL | POWER BI

sristipaul6289@gmail.com | 6289089308 | [linkedin.com/in/sristi-paul](https://www.linkedin.com/in/sristi-paul) | [sristipaul6289-ops](https://github.com/sristipaul6289-ops)

PROFESSIONAL SUMMARY

MCA candidate with hands-on experience in SQL, Python, Excel, and Power BI through end-to-end data analysis projects. Skilled in data cleaning, validation, exploratory data analysis, statistical analysis, data visualization, reporting, and dashboard development. Experienced in analyzing sales, profitability, customer, operational, and public health data to identify trends, generate actionable insights, and support data-driven decision-making.

TECHNICAL SKILLS

Data Analysis: Data Cleaning, Data Validation, Exploratory Data Analysis (EDA), Data Visualization, Statistical Analysis, Business Reporting

Programming & Query Languages: Python, SQL

Python Libraries: Pandas, NumPy, Matplotlib, Seaborn, Plotly, Scikit-Learn

Excel & Business Intelligence: Advanced Excel, Power Query, PivotTables, PivotCharts, Slicers, Power BI, Dashboard Development

Databases & Tools: MySQL, SQLite, Git, GitHub, Google Colab, Jupyter Notebook

PROJECTS

Supply Chain Data Analysis Using Python | [GitHub](#)

Technologies: Python, Pandas, NumPy, Matplotlib, Seaborn

- Analyzed 180,519 order-item records covering 65,752 orders, 20,652 customers, and 118 products to evaluate sales, profit, customers, products, markets, and delivery operations.
- Performed data cleaning, validation, feature engineering, and exploratory data analysis; calculated sales, profit, profit margin, order value, delivery time, and shipping delays.
- Identified 98,977 late order items, a 56.98% repeat-customer rate, Europe as the highest-sales market (\$10.87M), and Fishing as the top-performing category (\$6.93M sales; \$756K profit).

COVID-19 Data Analysis | [GitHub](#)

Technologies: SQL, Python, Pandas, Excel, Power BI

- Analyzed 429K+ COVID-19 records across 255 locations to evaluate cases, deaths, infection rates, case fatality rates, vaccination coverage, and time-based trends.
- Used CTEs, JOINS, subqueries, GROUP BY, HAVING, FILTER, aggregations, date functions, and LAG() for country, monthly, yearly, continental, and year-over-year analysis.
- Built an interactive Power BI dashboard with KPIs, rankings, trends, comparisons, and slicers to communicate key insights.

E-Commerce Sales & Profit Analysis Dashboard | [GitHub](#)

Technologies: Excel, Power Query, PivotTables, PivotCharts, Slicers, Excel Formulas

- Built an interactive Excel dashboard to analyze sales, profit, orders, customers, products, discounts, shipping modes, regions, and customer segments.
- Developed six KPIs—Total Sales, Total Profit, Total Orders, Total Quantity, Average Order Value, and Profit Margin—using PivotTables, PivotCharts, formulas, and slicers.
- Identified Technology as the top category (\$5.98M sales), Consumer as the leading segment (\$6.50M sales), and Regular Air as the highest-sales shipping mode (\$7.51M).

TRAINING & ACADEMIC EXPERIENCE

Artificial Intelligence & Machine Learning Training & Project | 2025

- Developed an intelligent OCR system for handwritten word recognition using Python, image processing, preprocessing, feature extraction, and classification techniques.
- Implemented an end-to-end workflow from image preprocessing to handwritten word classification.

Data Science Training & Project | 2023

- Applied K-Means clustering to segment customers based on shared characteristics using Python, Pandas, and Scikit-Learn.
- Performed exploratory and cluster analysis to identify customer patterns and support data-driven segmentation.

EDUCATION

Master of Computer Applications (MCA) 2024 – Present	
Netaji Subhash Engineering College, Kolkata, West Bengal	
Bachelor of Computer Applications (BCA) 2021 – 2024	
B.P. Poddar Institute of Management & Technology, Kolkata, West Bengal	CGPA: 8.11
AISSCE – Class XII (Commerce with Mathematics) 2021	
Shri Shikshayatan School, Kolkata, West Bengal	81.8%
AISSE – Class X 2019	
Shri Shikshayatan School, Kolkata, West Bengal	82.6%

CERTIFICATIONS

- **NPTEL Elite – Data Analytics with Python** | IIT Roorkee | 2026
- **SQL Completion Certificate** | Udemy | 2026
- **Artificial Intelligence & Machine Learning Internship & Project** | ESC | 2025
- **Data Science – 50 Hours** | Webel Fujisoft Vara Centre of Excellence in Industry 4.0 | 2023
